### Food Processing Applications

G&G's NSF rated IP69K linear luminaires are an ideal match for the food processing industry. Inspection and processing tables, walk-in coolers, dairy parlors, and poultry barns are all places where this unique fixture has proven itself. The low-profile design leads to a remarkably slim line and non-intrusive installation, allowing you to place our luminaires in areas where no other lighting has dared to go. Think G&G for your food processing lighting needs.
