**DIRECT AC
DRIVERLESS** **IP67**
CERTIFIED

LED VACUUM AREA & CANOPY LIGHTING

Maintenance-Free Driverless Design:

Innovative driverless design allows the fixture to connect directly to AC line voltage without an LED driver or electrolytic capacitors for extreme reliability and lifetime

Low-Profile, Formable Design:

Slim, 1" round low-profile design enables the fixtures to be aimed, formed and mounted in almost any location. The end result is a sleek, clean and modern appearance

Dark Sky Compliant:

Full cut-off design with no more than 5% of the total lumen output of the fixture above 90-Degrees of the horizontal plane

Made in the USA:

Engineered and manufactured in New York, G&G fixtures are built on quality, innovation and the latest in LED technology
