HAZARDOUS LOCATION LINEAR LED LUMINAIRE

Approved for Use in Hazardous Locations: Certified as a Class 1, Division 2, Groups A, B, C & D and Class 2, Groups E, F & G Lighting Solution.

Heavy Duty Quick-Connect Cabling: Convenient push-and-click connectors and cabling make HLX series easy to install and daisy chain.

Low-Profile Design: Slim, 1" round low-profile design enables the fixtures to be aimed and mounted in almost any location. The end result is a sleek, clean and modern appearance.

Permanently Sealed: Seamless housing prevents debris from accumulating inside. No assembly required.

Direct-AC Driverless Design: Connects directly to AC line voltage without an LED driver or electrolytic capacitors, for ease of use and extreme reliability and lifetime.

Made in the USA: Engineered and manufactured in New York, G&G fixtures are built on quality, innovation and the latest in LED technology.
