RTX
TUNNEL LINEAR

DIRECT-AC TUNNEL LIGHTING FIXTURE

Long Lifetime Direct-AC Driverless, EMI Silent:
Uses modern direct-AC technology to drive LED strings directly from AC line voltage, without a traditional LED driver for extreme reliability and low RF emissions. Compliant to MIL-STD-461E RE102 EMI testing.

Ease of Installation, Maintenance & Servicability
Quickly accessibly LED module with waterproof quick disconnect and latching clips for fast replacement - no tools required. Sealed wiring box with multiple 3/4" ports to be able to wire TECK90 cabling into and out of the fixture without additional NEMA enclosures required.

Harsh Environment Rated
IP68 waterproof, corrosion resistant fixture ensures durability in the harsh environment of transit applicaitons.

High Lumen Density
Unmatched light output in a low profile, linear design provides maximum efficiency of space with minimal spatial interferences.

Buy America Compliant:
Engineered and manufactured in the USA and Buy America compliant, G&G's RTX fixture is built on quality, innovation, and the latest in LED technology.

RTX TUNNEL LINEAR

MADE IN NY · c(UL)us LISTED · **IP68** INGRESS CERTIFIED · **IK10** IMPACT CERTIFIED · DIRECT AC DRIVERLESS · **10 YEAR** WARRANTY

Large Wiring Box
Terminate the fixture to any of the various wiring types used in today's tunnel environment.

Quick Disconnect
High quailty IP68/IP69K submersible push-and-click connector makes swapping light engines easy.

Heavy Duty
Durable extruded aluminum housing. Black anodized to prevent corrosion.

Low Profile
Less than 3" deep to keep the fixture out of the dynamic envelope.

Quick Latch
Non-metallic quick latch hangers securely clamp LED module into housing. No tools required.

Fast Install
Snake rack compatible. Or fasten directly to the tunnel wall using wedge anchors.

Replaceble IP68 LED Module
Permanently sealed direct-AC LED module. Field replaceable without tools in seconds.
