VPX
VAPORSEALED LINEAR

LOW-PROFILE VAPORSEALED LED LINEAR

Maintenance-Free Driverless Design:

Innovative driverless design allows the fixture to connect directly to AC line voltage without an LED driver or electrolytic capacitors for extreme reliability and lifetime.

Low-Profile Design:

Slim, 1" round low-profile design enables the fixtures to be aimed and mounted in almost any location. The end result is a sleek, clean and modern appearance.

Permanently Sealed:

Seamless housing prevents debris from accumulating inside. No assembly required.

Made in the USA:

Engineered and manufactured in New York, G&G fixtures are built on quality, innovation and the latest in LED technology.
