LED CANOPY & AWNING LIGHTING

Maintenance-Free Driverless Design:

Innovative driverless design allows the fixture to connect directly to AC line voltage without an LED driver or electrolytic capacitors for extreme reliability and lifetime

Low-Profile Design:

Slim, 1" round low-profile design enables the fixtures to be aimed and mounted in almost any location. The end result is a sleek, clean and modern appearance

Quick-Connect Cabling:

Secure, waterproof, quick-connect cabling allows for a simple, quick and clean installation

Made in the USA:

Engineered and manufactured in New York, G&G fixtures are built on quality, innovation and the latest in LED technology
