OUTDOOR COLOR LED LINEAR

The new EDGE RGB LED lighting solution is perfect for the outside perimeter of your car wash building. It packs a powerful illuminating punch within a compact fixture. With over 10 years of experience with UV coatings for vac lighting, G&G's expertise is what gives this luminaire an edge over the rest to withstand long-term outdoor exposure.

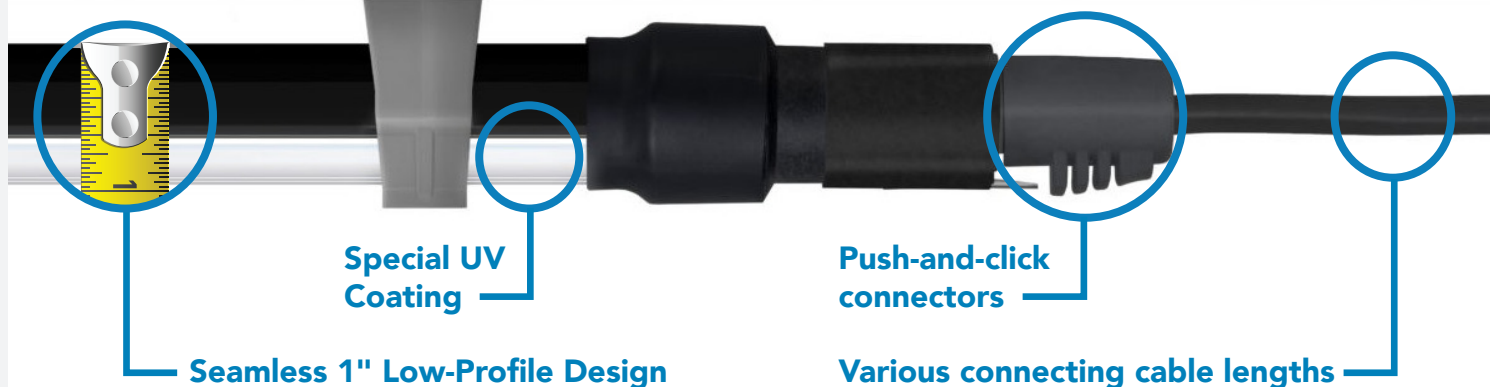

Stand out from the crowd when you discover your EDGE.

EDGE's attention-grabbing brilliance will not only dazzle customers driving by, it's a unique way to continuously market your site. Easily create stunning light shows that support holidays, site branding, community events, and more to increase traffic.

- Elevate the outside of your car wash with an endless, eye-catching light show
- Add dynamic, outdoor perimeter color effects to attract and retain customers
- Gain that competitive edge as you create a unique, unparalleled customer experience
- Versatile configurations of lighting and connecting cables, with lengths up to 90'
- Durable where it matters most—designed for long-term, harsh outdoor exposure
- Simple to install, easy to control

With our ColorWash™ Controller:

- Easily scroll through colors or select from one of our unique preset color changing scenes
- Effortlessly sync EDGE systems at multiple locations using our online app anytime, anywhere
- Never worry about software maintenance again—your EDGE system will regularly receive over-the-air software updates that add new features and enhance existing ones!
